

In the Name of God, Most Gracious, Most Merciful

Kingdom of Saudi Arabia

Saudi Health Council

General Secretariat

Resolution No. (79/3)

Date: 7/1/1439

Subject: Approving standards and policies for interoperability in the Kingdom of Saudi Arabia.

The Saudi Health Council:

After reviewing Cabinet Resolution No. 333 dated 10/19/1434 AH and based on Paragraph 2 of Article Three of the decision, which stipulates specifying the health data and information required to be provided by the authorities concerned with health services, and setting the rules and mechanisms necessary for the exchange of this information between the authorities Relevant and facilitate informational linking between them.

Paragraph 3 of the same article provides for the standardization of terms, names and definitions used in all health information systems and methods of collecting them.

And after reviewing the recommendations of the Scientific Committee of the National Center for Health Information in its sixth meeting, held on May 10, 2017, in approval of the standards for interoperability and the Saudi Health Data Dictionary, and the presentation made by the Director General of the Center, Dr. Ahmed Balkhair.

And after discussing the issue by the members of the Council at the seventy-eighth meeting held on 9/13/1438 AH

The following was decided:

1. Approve of interoperability standards and policies.
2. Approve of the Saudi Health Data Dictionary.
3. Approving the formation of a permanent committee to develop and update standards.
