In the Name of God, Most Gracious, Most Merciful

Kingdom of Saudi Arabia

Saudi Health Council

General Secretariat

Resolution No. (79/6)

Date: 7/1/1439

Subject: Establishing a specialized center for treating burn patients

The Saudi Health Council:

After reviewing the recommendations of the National Committee for the Development of Emergency Medicine and reviewing the recommendations of the Preparatory Committee in its forty-fourth meeting held on 12/19/1438 AH

And after discussing the issue by the members of the Council at the seventy-ninth meeting held on 1/7/1439 AH

The following was decided:

1. The commitment of all hospitals not to reject or suspect cases of heart attacks transmitted by the Saudi Red Crescent when the required capabilities are available to deal with heart attacks.

2. Accreditation of health facilities (CBAHI) accreditation of private hospitals that have the capacity, competence and preparation to receive cases of heart attacks.

3. The Red Crescent should transfer cases of suspected or suspected heart attacks to hospitals that are prepared to deal with heart attacks.

4. The Saudi Red Crescent determines the geographical scope of each hospital ready to treat cases of heart attacks.
